

Chairman's Communication

Date: March 23rd. 2020

Dear Stakeholders,

First of all we hope you are in best of Health

An unprecedented event has occurred in the world and the Human race is standing shoulder to shoulder to fight CORONAVIRUS.

We stand with our Prime Minister, Sh Narendra Modi and support his Lockdown initiative. At this moment we support the belief that Safety comes before everything else.

Supporting the Lockdown, we wish to bring to everyone's notice that to safeguard the health of our team and stakeholders, we will be closing down our regular operation until further notice from the Government.

During this time, however we will be supporting our customers and vendors in terms of business development activities. We will be holding regular webinars focused on developing wholesale businesses and keeping morale high in this time of adversity.

Working to make your business profitable in the times of adversity
