Dear Stakeholders,

On behalf of Chitra Metals, I wish you the blessings of Goddess Laxmi.

I am writing this letter to bring to your attention the changes happening in Steel Industry. Government's intervention in curbing imports from China, due to Indo-China situation, has led to acute shortage of Steel Curtain Pipe in Indian market.

As we all know there is high demand for curtain pipes in days before Diwali, we are working day and night to arrange it in bulk quantity for our customers. We have a ready stock of following items that can be dispatched on the same day of order. You may also note that rates of Stainless Steel pipes have increased in last 15 days, so order with caution but order quick!
